**Need funding?** BIG Online is a powerful, easy-to-use website that profiles North American foundations and corporations that provide funding sources for International causes.

**How to get your share of North American funding!** Whether you're a small non-profit, or a large institution, BIG's powerful browse and search capability allows you to:

- Quickly pinpoint appropriate funders for your organization.
- Search and find grant preferences, histories, funding capability, matching gifts, sponsorship opportunities and more.
- Discover where organizations like yours get their funding - and how much.
- Access important biographical information on corporate executives.
- Locate influential people, their associates and the Boards they sit on.

Once you've found the right funding prospects for your organization, use BIG's Resource Center and selection of **winning funding proposals** as templates to develop proposals - or craft your own using our Guide to Proposal Writing, which helps you every step of the way.

**Guaranteed!** We will refund your full license fee if you are unsuccessful in obtaining any funding six months from the date of purchase (ask your sales representative for details).
